## 01 PROFILE

I am a Year 9 student who is on the journey to become a developer. I have 3 years worth of experience in coding. Within my years of coding I have gained a fine knowledge-base of different languages, some of my favourite being Python, C# and SwiftUI. As well as gaining a knowledge-base for languages I have also gained leadership roles and respect from others whilst pursuing my training.

## 02 EDUCATION

Sep 2019 — Present

Tudor Grange Academy Solihull

Solihull

I have been with Tudor Grange Academy Solihull since 2019, TGAS has made me a greater person; maturing and teaching me. TGAS has pushed me beyond my old limitations and has set me off to new heights. TGAS had made me a well-rounded and professional team player dedicated to continuing academic pursuits at a collegiate level.
